Editors Desk

✨ *A Heartfelt Goodbye to 2024 & A Radiant Welcome to 2025!* ✨

Dear Readers,

As we turn the final page of 2024, I find myself reflecting on the incredible journey we've shared this year. It was a year of growth, challenges, triumphs, and countless stories that brought us closer together as a team and a family. From groundbreaking projects to small yet meaningful moments of connection, each experience has left an indelible mark.

This final edition of 2024 is not just a closing chapter; it's a celebration of the spirit that carried us through the year. It's about honoring the milestones we achieved, the lessons we learned, and the relationships we nurtured. As you flip through these pages, I hope you feel the pride and positivity that define who we are.

And now, with hearts full of gratitude, we welcome 2025—a year brimming with new opportunities, dreams, and aspirations. Let's step forward with renewed enthusiasm, ready to embrace innovation, collaboration, and success. Together, we will continue to achieve greatness and create stories worth telling.

To each of you, thank you for being part of this incredible journey. Here's to closing 2024 with gratitude and stepping into 2025 with courage and confidence.

Happy New Year to you and your loved ones! Let's make 2025 a masterpiece.

Warm regards,
Vidya Patel
Editor-in-Chief

VELOX®
THINK CYBER SECURITY... THINK VELOX

Dear Velox Family,

When we started Velox, the dream was simple: to create solutions that make a difference. Today, as we stand on the brink of 2025, that dream has grown into a vision that's more ambitious than ever. Velox 3.0 is our pledge to redefine boundaries and reach new heights in the global arena.

What's New?Everything.

Let's talk about Products. Our engineers and innovators have worked tirelessly to craft solutions that are smarter, faster, and more intuitive. From state-of-the-art cybersecurity tools to cutting-edge endpoint security systems, Velox 3.0 is designed to solve real-world challenges with unmatched precision. These products don't just meet the needs of today—they anticipate the demands of tomorrow.

But great products are just the beginning. Positioning is key. Velox 3.0 is all about making our mark globally. Whether it's forging new partnerships, empowering resellers, or tapping into emerging markets, we're creating a network that's as bold and dynamic as the solutions we offer.

Now, let's address Price. Excellence shouldn't come at a premium. We've fine-tuned our strategies to deliver value that's not just competitive but also deeply impactful. By optimizing our processes, we're ensuring that Velox 3.0 delivers more—to more people—for less.

Finally, the Plan. Think of it as a playbook for greatness. It's about empowering every part of our organization to push the envelope. From cutting-edge production techniques to innovative sales strategies, every move we make aligns with our vision of becoming a global leader.

“

Velox 3.0: Where innovation meets purpose, and every step forward shapes a better tomorrow.”

The Real Secret? It's You.

Velox 3.0 isn't just about products or strategies—it's about people. It's about you. To our brilliant teams: you are the heartbeat of Velox. Your ideas, passion, and dedication are what bring this vision to life. To our partners and resellers: you are our bridge to the world. Together, we're building something extraordinary.

As we step into this new chapter, I urge each of you to dream bigger, aim higher, and believe in the power of what we can achieve together. This isn't just my vision; it's our shared journey. A journey toward creating a future where Velox is not just a name but a legacy.

A Personal Note,

Velox 3.0 is close to my heart, not just because it represents progress but because it embodies our values. It's a testament to what's possible when innovation meets purpose. So here's my challenge to you: let's make 2025 the year we rewrite the rules. Let's dream, build, and succeed like never before.

Thank you for being part of this incredible journey. The best is yet to come. Let's go make history!

With gratitude and determination,

Dr. Mangesh Amale

Women Empowerment @ Velox Solutions

Women Empowerment at Velox Solutions

At Velox Solutions, we are firm believers in the power of women to lead, innovate, and drive positive change. Empowering women in India is essential, not only to unlock their immense potential but also to contribute to the larger progress of society. Indian women, with their resilience, dedication, and innate strength, hold the key to overcoming many challenges we face today. When empowered, they break barriers, shatter stereotypes, and create a ripple effect that transforms entire communities. By providing opportunities and support, we allow women to tap into their full potential, leading the way in sectors that have long been dominated by men, such as cybersecurity.

Cybersecurity is one such field that urgently needs the involvement of women. Women bring unique skills—attention to detail, empathy, problem-solving, and leadership—that make them perfectly suited to help secure our digital world. As the world becomes increasingly reliant on technology, it is essential to have diverse perspectives in the cybersecurity industry, and women's contribution is indispensable in shaping a more secure future. At Velox, we recognize this need and are committed to empowering women in this vital space.

This commitment to women's empowerment is embodied in India's First All-Women Cybersecurity Development Center, located in Mysuru, Karnataka. This initiative is not just a step forward for Velox Solutions, but a realization of a dream long held by Dr. Mangesh Amale, our visionary leader, who strongly believed that women should be at the forefront of shaping the future of cybersecurity. Today, this dream is fulfilled, and I am incredibly proud to see this vision come to life.

**“ Empowerment isn’t a gift;
it’s her right, and the world
thrives when it’s honored.
An empowered woman is the
architect of progress and the
beacon of hope”**

As we celebrate the opening of this center, I urge every Veloxian to recognize the profound impact this initiative will have, not just on our organization but also on the future of women in cybersecurity. This center is a testament to our belief in women's capabilities and their ability to bring about meaningful change. It is my hope that this initiative will inspire other organizations to follow suit and create more opportunities for women to excel in all industries, particularly in fields where they are underrepresented.

Together, let us continue to support, value, and empower women, for they are the leaders of today and the changemakers of tomorrow.

Mrs. Tejaswi Mangesh
Director, Velox Solutions

"Passing the Torch: Leaders Building Leaders"

At Velox Solutions Pvt Ltd, we are witnessing an incredible era where young leaders are stepping forward and proving that leadership is not bound by age or years of experience. Instead, it is shaped by how much you learn, adapt, and embrace the culture along the way.

Our Managing Director, Dr. Mangesh Sir, often says, "This is the new era of young leaders." These words resonate deeply with me, as I believe that anyone with the right mindset, guidance, and determination can rise to lead. Leadership is not a title—it's a journey of self-discovery, growth, and unwavering commitment to excellence.

I've been fortunate to walk this path under the guidance of exceptional mentors. Early in my career, Mr. Vikas Bhoir, my reporting manager, taught me invaluable lessons about technical expertise and deployment skills. His mentorship was pivotal in shaping me into a reliable and skilled professional. Experiences like these remind us of the power of having the right support system and the importance of paying it forward.

" In 2024, we've seen remarkable individuals step into leadership roles, proving that hard work and a learning attitude truly pay off. Leaders like Priyanka, Snehal, Prem, Seema, Sangita and Anit inspire us all with their dedication and achievements".

2024 itself produced stories like none other than Mr. Anit Singh who have been promoted from support to development department and working one of the inspirational leaders. Such a success stories reminds us that every effort we put in today builds a stronger foundation for tomorrow.

To everyone aspiring to lead, start where you are, make the best use of the resources around you, and never stop learning. Believe in your potential, embrace challenges, and seek inspiration from those who guide you. Leadership is about growing together, empowering others, and building an environment where everyone thrives.

Let's work together to make Velox Solutions a hub of innovation, collaboration, and leadership. Every step forward brings us closer to greatness.

Wishing you all a successful and inspiring 2025!

**Warm regards,
Kuldip Pawar
Product Manager, Velox Solutions Pvt Ltd**

“A Story of Growth and Gratitude”

A Life-Changing Opportunity,

Five years ago, during a visit to Dr. Mangesh Amale Sir's hometown, he asked about my education and offered me an opportunity to join Velox. That moment was the turning point in my life, shaping my journey of personal and professional growth.

Nishigandha

Learning and Growing Together

When I began, I had limited understanding of my role. But thanks to the consistent support of Dr. Mangesh Sir, Tejaswi Ma'am, and my colleagues, I grew into my responsibilities. Tejaswi Ma'am has been a constant source of encouragement, helping me improve and guiding me every step of the way.

A Supportive Team Environment

The Velox team has been nothing short of exceptional. My seniors, colleagues, and the entire team have provided invaluable guidance and support, creating an environment that fosters learning and collaboration.

Reflections on a Remarkable Journey

Looking back on these five years, I feel immense gratitude for the experiences and opportunities I've had at Velox. The journey has been truly enriching, and I am proud to be part of an organization that values its people and supports their growth.

Thank You, Velox!

To everyone at Velox, thank you for making this journey so meaningful. I look forward to contributing more and continuing to grow together.

With Love and Gratitude Nishi..

Hi,

Hey I am Khushal and joined velox couple of months ago
Wanna share my thoughts with you all,

As I look back on my time since joining Velox in September 2024, I am filled with gratitude and admiration for the enriching experiences I've had. This journey has been nothing short of transformative, and I'd like to share some key lessons I've learned from our incredible boss Dr. Mangesh Amale, Velox Entire team, and company culture.

Lessons from Leadership

Dr. Mangesh Amale exemplifies the essence of great leadership. Through their mentorship, I've learned the importance of strategic thinking, clear communication, and leading with empathy. His ability to inspire and guide us through challenges has taught me the value of resilience and vision in achieving success.

Team Dynamics and Collaboration

Working with such a talented and dedicated team—including HR, Admin, Product Development, Testers, and Support and Mysure Team —has truly been a privilege. I've experienced firsthand the incredible power of collaboration, where diverse ideas and perspectives converge to create impactful solutions. The mutual respect, support, and synergy among colleagues have not only driven productivity but also made every project a rewarding and enjoyable experience

Company Culture: A Foundation of Excellence

The culture at Velox is one of innovation, inclusivity, and continuous learning. The emphasis on personal and professional growth has empowered me to step out of my comfort zone and embrace new challenges. It's inspiring to be part of an organization that values its people and fosters a sense of belonging.

Looking Ahead

As I continue to grow within the company, I am excited about the opportunities to contribute, learn, and make a meaningful impact. The lessons I've learned so far have been invaluable, and I look forward to many more in the future.

Thank you Dr. Mangesh Amale and Tejaswi Madam and to Velox Family for making this journey so rewarding. Together, we are building something truly remarkable.

Your's Khushal Harde

Hey,

I am Juveria Dalvi, a Software Support Executive with over 2 years of experience specializing in database maintenance. Currently, I am working on an exciting cybersecurity project, providing both support and implementation, while continuing to work as a freelance Technical Content Writer. I recently completed my Master's in IT from Mumbai University, further deepening my expertise in the field.

At Velox, I have been working closely with a various teams to deliver technical solutions, perform manual testing, and implement software in client environments, showcasing strong team collaboration and excellent client communication skills.

Currently I am learning various software developed by our teams meanwhile I am preparing myself to understand Azure Cloud Computing fundamentals during my spare time after working hours.

Mumbai Darshan

Merry Christmas

Hello,

A Journey of Words and Connections: My Year as Editor-in-Chief

My year as Editor-in-Chief of the Velox Newsletter has been an incredible journey of discovery, connection, and growth. It all began with a memorable tea-time conversation with Dr. Mangesh Amale at the ECIL Office in Hyderabad. His encouraging words and belief in my potential gave me the confidence to take on this role, and his offer of the title of Editor-in-Chief marked the start of a transformative experience.

Through this role, I've had the privilege of uncovering the remarkable stories of our team. The newsletter became more than just a publication—it turned into a space where creativity and passion thrived. From inspiring articles about innovation to heartfelt poems and travelogues, each contribution reflected the diverse personalities and talents of my colleagues. It's been especially heartwarming to see individuals express their dreams, hobbies, and aspirations so beautifully.

Working on the newsletter has been about building connections and getting to know my colleagues beyond their professional roles. Each story shared has deepened my appreciation for the vibrant spirit of Velox—a team united by creativity, resilience, and collaboration.

This role has also been a journey of personal growth. Unwavering encouragement and your enthusiastic support inspired me to improve my writing and leadership skills. It's been a joy to see hesitant contributors grow more confident with every edition, turning the newsletter into a testament of collective effort.

As we celebrate the first anniversary of the Velox Newsletter, I want to express my heartfelt gratitude to every writer, reader, and supporter who made this journey so special. Your stories and ideas are the heartbeat of this platform.

Looking ahead to 2025, I'm excited to continue this journey with all of you. Let's make the coming year even more inspiring, with stories that connect, celebrate, and uplift. Your support has made the newsletter a success, and I can't wait to see what we create together next.

*Join me in making the news letter a better
platform for veloxians to express themselves and
showcase the creativity*

your's ..Vidya Patel
